- Time Management
- Adaptability

Achievements

SSC Topper Award - 2018

Eten temple High School
Recognized for outstanding
academic performance in the SSC
board examinations.

Certifications

Every Day Learning (EDL) - Skillup Final Years

ExcelR
This program focused on
enhancing industry-relevant skills,
fostering innovation, and
improving problem-solving abilities
through hands-on learning
experiences.

Sheelam Swetha

Web Engineer

Professional Summary

Accomplished Full Stack Developer with proficiency in HTML, CSS, and JavaScript, skilled in using Git for version control and collaborating through GitHub workflows. Adept at employing Generative AI and quick to master new tech stacks, ensuring efficient web solutions and smooth user experiences.

Experience

Coding Brains | Student developer intern

- Developed full-stack web applications using Python, gaining experience in both backend and frontend technologies.
- Managed databases, contributing to the efficient storage and retrieval of data.
- Collaborated with teams to enhance web application functionality and ensure optimal user experiences.
- Improved coding skills by integrating best practices and learning new technologies.

Projects

Travel Yaari [Live Demo Link](#) [Github Repo Link](#)

- HTML5
- CSS3
- Responsive Web Design

- Developed a responsive travel booking web application using HTML5 and CSS3, ensuring cross-device compatibility.
- Implemented accessible design principles to enhance user experience for all users.
- Integrated RESTful API to dynamically fetch and display travel deals and offers.
- Utilized Git for version control to manage and track project changes.

CatLight project [Live Demo Link](#) [Github Repo Link](#)

- HTML5
- CSS3
- JavaScript

- Developed a responsive web application using HTML, CSS, and JavaScript to ensure seamless user experience across devices.
- Implemented interactive UI elements with smooth transitions to enhance user engagement.
- Worked with RESTful APIs to enable dynamic content fetching and display.
- Deployed the application on GitHub Pages, providing easy access and navigation for users.
- Utilized Git for version control, maintaining clean and scalable code throughout development.
