## Education

### Web Engineer

Masai School  
September 2024-present

### Bachelor of Technology (Computer Science Engineering)

Vignan's Institute of Management and Technology For Women  
November 2020 - April 2024

## Technical Skills

- HTML5
- CSS3
- JavaScript
- Node.js
- Express.js
- MongoDB
- RESTful APIs
- Bootstrap
- Responsive Web Design
- Python, Django
- Github

## Soft Skills

- Problem Solving
- Time Management

## Achievements

### SSC Topper Award - 2018

Eten temple High School  
Recognized for outstanding academic performance in the SSC board examinations.

## Certifications

### Every Day Learning (EDL) - Skillup Final Years

ExcelR  
This program focused on enhancing industry-relevant skills, fostering innovation, and improving problem-solving abilities through hands-on learning experiences.

# Sheelam Swetha

## Web Engineer

## Professional Summary

Detail-oriented and enthusiastic Full Stack Developer with a strong foundation in web development. Proficient in HTML, CSS, JavaScript, Node.js, and MongoDB, with a passion for building dynamic and scalable applications. A quick learner with strong problem-solving skills, I strive to contribute effective and efficient solutions to development projects.

## Experience

### Coding Brains | Student Developer Intern

- Contributed to Python full-stack web development projects using Python, enhancing both backend and frontend elements.
- Gained experience in database management, ensuring efficient data storage and retrieval systems.

## Projects

### Travel Yaari [Live Demo Link](#) [Github Repo Link](#)

- HTML5
- CSS3
- Responsive Web Design

- Crafted a responsive travel website using HTML5 and CSS3.
- Designed user-friendly layouts to enhance the overall user experience.
- Applied responsive web design practices to ensure compatibility across various devices.

### Todo App [Github Repo Link](#)

- HTML5
- CSS3
- JavaScript
- Responsive Web Design
- RESTful APIs
- python
- django

- Developed a user-friendly task management interface using HTML5, CSS3, and JavaScript, ensuring seamless task operations.
- Implemented responsive web design principles to provide an optimal experience across various devices and screen sizes.
- Integrated RESTful APIs with the Django backend to dynamically fetch and update task data.
- Utilized Git for version control, ensuring a robust and collaborative code management process.
