Organizing Coding Culture**
VIMTW
Assisted in mentoring peers,
promoting problem-solving
skills, and encouraging
participation in competitive
programming.
- Certifications**

**Every Day Learning
(EDL) - Skillup Final
Years**
ExcelR
This program focused on
enhancing industry-relevant
skills, fostering innovation,
and improving problem-
solving abilities through
hands-on learning
experiences.

Sheelam Swetha

Web Engineer

Professional Summary

Detail-oriented and enthusiastic Full Stack Developer with a strong foundation in web development. Proficient in HTML, CSS, JavaScript, Node.js, and MongoDB, with a passion for building dynamic and scalable applications. A quick learner with strong problem-solving skills, I strive to contribute effective and efficient solutions to development projects.

Projects

- Travel Yaari** [Live Demo Link](#) [Github Repo Link](#)

HTML5

CSS3

Responsive Web Design

 - Developed and maintained a responsive travel booking web application using HTML5 and CSS3 , Bootstrap.
 - Implemented accessible design features to ensure seamless user experience across various devices.
 - Applied best coding practices to write clean, maintainable, and scalable code throughout the project.
- CatLight project** [Live Demo Link](#) [Github Repo Link](#)

HTML5

CSS3

JavaScript

 - Developed a responsive web application using HTML, CSS, and JavaScript, focusing on interactive design.
 - Implemented responsive and accessible UI, ensuring seamless user experience across various devices.
 - Integrated dynamic UI elements to enhance user interaction and optimize performance.
 - Hosted the application on GitHub Pages, ensuring easy accessibility and smooth navigation.
 - Utilized Git for version control to manage code changes and track project progress.
